

IMPORTANT NOTICE

Assisted Living Dining Services

As Lions Gate continues to monitor the situation with the Corona-19 virus and reviewing communications from the Center for Disease Control, Center for Medicare and Medicaid Services, (CMS), and the Governor of New Jersey, we need to adapt our daily operations for the best interest of all our residents. Therefore, the following changes were effective as of dinner last evening.

1. The main dining room will be closed for the foreseeable future. All meals will be delivered to your apartment.
2. A dining services employee will call each resident today and every day moving forward to take our order. Nursing will assist any residents with their orders if needed.
3. Meals will be delivered to your apartment as follows:
 - Breakfast at approximately 8:45AM
 - Lunch at approximately 12:45PM
 - Dinner at approximately 5:45PM
4. Starting with tonight's delivery, a menu for tomorrow's MEALS—BREAKFAST, LUNCH, AND DINNER will be attached to the delivery bag
5. This process will continue daily for at least the next two (2) weeks and at that time we will re-evaluate this situation

Please understand that this decision was not made lightly, and was based on ensuring social distancing and trying to protect everyone as much as possible. Also, please be patient when waiting for your delivery. Our staff will do the best they can to get to you as quickly as possible.

If you have any questions, please contact Cristina Palella, Director of Residential Life at 679-2208 or cpalella@lionsgateccrc.org.

Thank you for your cooperation and understanding.

Respectfully,

Susan Love, CEO

IMPORTANT NOTICE

Assisted Living Activities

All of the protocols we are recently implementing relate to social distancing. Social distancing is a public health practice that aims to prevent sick people from coming in close contact with healthy people in order to reduce opportunities for disease transmission.

With the continued spreading of the Coronavirus-19 throughout the United States, Lions Gate will continue to practice social distancing, which the Center for Disease Control (CDC) defines as it applies to COVID-19 as “remaining out of congregate settings, avoiding mass gatherings, and maintaining distance (approximately 6 feet) from others when possible.” We are taking our guidance from the Center for Disease Control (CDC), the NJ Department of Health, and the local, State and Federal government, and the directives seem to be changing daily at this point.

With the Coronavirus-19, the goal of social distancing right now is to slow down the outbreak in order to reduce the chance of infection among high-risk populations, such as the senior population. **Therefore, all activities/programs in Assisted Living have been cancelled for the foreseeable future.**

Currently, we are looking to see if we can stream movies, lectures, etc. through the in-house TV channel. As soon as we have information regarding, we will let you know. Please be aware, we have the resources to FaceTime with your family members, so please contact Cookie Pedersen, Director of Activities. If you are interested, Cookie can be reached at 856-679-2205 or email at cpedersen@lionsgateccrc.org. Our Activities Staff will be visiting residents on a daily basis to see if they need anything, providing them with puzzle books, arts and crafts kits, and other activity related items that they can use in their apartments.

We recognize that the protocols that we are implementing are restrictive and may be upsetting to some residents; however, please understand we have the best interest of all of our residents in mind.

If you have any questions, please contact me at 856-679-2210 or email at slove@lionsgateccrc.org.

Respectfully,

Susan Love, CEO
