

# IMPORTANT NOTICE

## IL DOOR FOBS

In an effort to be able to screen all people coming into the Lions Gate Independent Living community, **effective today March 16, 2020 at 5:00PM, all FOBS will be disabled for the next two weeks.**

As you are aware, other restrictions have been implemented and at this point, we need to restrict residents and companions/aides from using any of the entrances except the main entrance. I am confident that you will continue to understand that the protocols we are implementing are for the best interest of our residents and staff members.

Therefore, after 5:00PM today, any residents who exit the building, will need to re-enter the building through the main entrance. Upon entering, the resident (companion/aide) will be screened and their temperature will be taken. If a resident (companion/aide) has a temperature, the Infection Prevention Nurse and/or Wellness Nurse will be contacted to come to the main entrance to speak with the resident (companion/aide).

The goal is to prevent the spread of infection throughout the Lions Gate community. We continue to strongly urge all residents not to leave Lions Gate unless there is an emergent situation.

If you have any questions, please contact me at 679-2210 or [slove@lionsgateccrc.org](mailto:slove@lionsgateccrc.org)

Thank you for your cooperation and understanding in this serious matter.

Respectfully,

Susan Love, CEO
