

June 2, 2020

Dear Lions Gate Community Members,

As per Executive Order No. 20-013 issued by the NJ Department of Health, we have recently tested all residents in Skilled Nursing and Assisted Living to get baseline results. The first test is on Friday, June 5, 2020 and then will continue to test residents every two weeks. We will contact residents/family members for any positive results and next steps. In addition, we have followed the same directive for employees who have all had their baseline testing completed. The next test for employees will begin the week of June 8th. We will follow the guidelines for return to work by CDC and NJDOH.

Please know that we continue to in-service all employees on infection control, we have a good supply of PPE, and follow protocols and guidance from the CMS, CDC and the NJ Department of Health.

We thank you for your continued cooperation and support and appreciate your partnership during these challenging times. If you have any questions, please call the HOTLINE at 856-679-4679 or Email @ lgadministrator@lionsgateccrc.org. All messages will be responded to within 24 hours.

Respectfully,

Susan Love, M.S., LNHA
