

July 9, 2020

Dear Lions Gate Community Members,

I am pleased to inform you that as of today, Lions Gate is COVID-19 FREE! Also, I want to express my gratitude to all our medical and clinical team members, all our employees, and all residents and family members for their positive contribution to the success of flattening the curve. It is because of everyone's continued diligence in following the protocols that have been implemented over the past several months that led to this achievement.

Although this is positive news, we all need to be extremely cautious and not let our guard down. We need to continue to follow the protocols, including wearing masks properly in which your mouth and nose are covered; we need to continue to social distance at least 6 feet apart; and we need to continue to wash our hands and use hand sanitizer throughout the day. As we continue to hear from the CDC, the NJ Department of Health, and local government agencies, the virus is expected to continue to spread and there are predictions for a second wave in the fall.

Please be assured that Lions Gate continues to be proactive and is looking towards the future by continuing to purchase personal protective equipment (PPE), installing electronic screening/temperature kiosks, and continuing the electromagnetic cleaning throughout the community, etc. Also, we continue to follow all guidelines and executive orders for indoor and outdoor protocols for visitation, social distancing, and wearing of masks.

*Inspiring Wellness!*

It is important that as a community, including residents, employees, and families, we all follow the protocols set in place in an effort to reduce the risk of COVID-19.

We thank you for your continued cooperation and support and appreciate your partnership during these challenging times. If you have any questions, please call the HOTLINE at 856-679-4679 or Email @ [lgadministrator@lionsgateccrc.org](mailto:lgadministrator@lionsgateccrc.org). All messages will be responded to within 24 hours.

Respectfully,  
Susan Love, M.S., LNHA  
Chief Executive Officer
