

LIONS GATE

Lifestyle. Care. Community. Tradition.

July 3, 2020

Dear Independent Living Community Members,

In an effort to continue to protect the Lions Gate community from COVID-19, I am requesting all residents and guests to continue to be diligent in following our protocols. I have seen residents walking without masks on, not social distancing, and sitting in public areas such as the Great Room and Dining Room. All indoor public areas are still off limits. Also, although outside venues are reopening, we are hoping that you will continue to only leave Lions Gate for necessary doctor's appointments or emergencies. The less exposure that all of us have to the outside will help to decrease the risk of COVID-19.

For those of you who want to sit outside, there is the patio off the Great Room with chairs that have umbrellas and there are chairs with umbrellas outside the Dining Room on the patio. Please be sure to use both areas for socializing or just getting some sun and fresh air.

Visitors and residents who get together outside, please remember to follow the social distancing of 6 feet apart and both residents and visitors need to wear a mask.

Although none of us thought that this July 4th holiday would be spent not being able to collectively celebrate, I hope that you will still enjoy the holiday. Please be reminded that since July 4th falls on Shabbat, we have scheduled the July 4th BBQ lunch to be delivered to you on Monday, July 6th.

Wishing you all a very Happy and Safe July 4th holiday weekend.

Thank you for your continued support and cooperation in following our protocols.

Respectfully,

Susan Love, M.S., LNHA
Chief Executive Officer
