

September 29, 2020

Dear Lions Gate Residents and Family Members,

Shanah Tovah! We hope that you are all doing well.

Currently, we are working diligently to meet various requirements directed by the NJ Department of Health, which once approved, will allow us to move from Phase 0, which is the most restrictive phase, to Phase 1, which will lessen restrictions. Below is a COVID-19 update report.

COVID-19 Update

- **CASES** - As of this writing, Lions Gate has one (1) current case of COVID-19, which is an employee. The employee is asymptomatic, works in dining services and does not have contact with residents. This employee has followed the protocols for quarantine.
- **RESIDENT SCREENING** - All residents are screened for symptoms and vital signs every shift.
- **RESIDENT TESTING** - Since there is a new positive test result, all residents in skilled nursing and assisted living will be tested this week and next week. This protocol is a directive from the NJ Department of Health.
- **QUARANTINE** - Any new residents who move into assisted living, skilled nursing and rehab, are placed on a 14-day quarantine.
- **STAFF SCREENING** - All staff are screened for symptoms and temperature each time they arrive for work.
- **STAFF TESTING** - All staff are tested for COVID-19 weekly via nasopharyngeal swab.

Infection Control

In an effort to prevent or reduce the risk of transmission of COVID-19, Lions Gate continues to ensure all residents, staff, and outdoor visitors follow appropriate social distancing, mask wearing and hand-washing as directed by the Centers for Disease Control (CDC) and the NJ Department of Health. Staff continued to be in-serviced on proper infection control protocols on an ongoing basis.

If you have any questions, please call the Hotline at 856-679-4679 or email at lgadministrator@lionsgateccrc.org.

Respectfully,

Susan Love, M.S., LNHA
Chief Executive Officer
