

October 5, 2020

Dear Lions Gate Residents and Family Members,

Please see the update below:

**COVID-19 Update**

- **CASES** - As of this writing, Lions Gate has one (1) current case of COVID-19, a nurse in skilled nursing. The employee has not worked at Lions Gate since September 27, 2020 and will be returning to work on October 24, 2020, following the required protocols for quarantine. The prior positive COVID-19 case has been resolved and the employee has returned to work.
- **RESIDENT SCREENING** – All residents are screened for symptoms and vital signs every shift.
- **RESIDENT TESTING** – Since there is a new positive test result, all residents in skilled nursing and assisted living will be tested this week and next week. This protocol is a directive from the NJ Department of Health.
- **QUARANTINE** – Any new residents who move into assisted living, skilled nursing and rehab, are placed on a 14-day quarantine.
- **STAFF SCREENING** – All staff are screened for symptoms and temperature each time they arrive for work.
- **STAFF TESTING** – All staff are tested for COVID-19 weekly via nasopharyngeal swab.

### **Infection Control**

In an effort to prevent or reduce the risk of transmission of COVID-19, Lions Gate continues to ensure all residents, staff, and outdoor visitors follow appropriate social distancing, mask wearing and hand-washing as directed by the Centers for Disease Control (CDC) and the NJ Department of Health. Staff continued to be in-serviced on proper infection control protocols on an ongoing basis.

If you have any questions, please call the Hotline at 856-679-4679 or email at [lgadministrator@lionsgateccrc.org](mailto:lgadministrator@lionsgateccrc.org).

Respectfully,

Susan Love, M.S., LNHA  
Chief Executive Officer
