

August 10, 2021

Dear Lions Gate Community Members,

Hello and we hope you are all doing well!

Lions Gate was notified Saturday (8/7) morning that 2 short stay rehabilitation residents tested positive for COVID-19.

As a result of these positive test results, Lions Gate was required, by the NJ Department of Health, to pause all visitation in the skilled nursing, rehabilitation, assisted living and Safe Haven units until all residents and staff are tested. Lions Gate has tested all of our residents in these units and all staff members regardless of assigned unit are being tested. All of the resident test results have been negative and therefore we are permitted to resume visitation in all units except for the Rehab unit.

NJ Department of Health requires that the Rehab unit's visitation remain paused until Saturday (8/21).

We have been and will continue to screen all of our employees, vendors, guests upon entry into the facility. We continue to provide employees and residents with proper PPE and have sufficient supply to continue to do so.

We sanitize surfaces often throughout the day and have an outside company sanitize common areas of the skilled nursing and assisted living units overnight. Please know we have remained vigilant in our efforts to mitigate the spread of COVID in the building.
