

October 18, 2021

Dear Lions Gate Community Members,

We hope you are well!

Effective 8/14/2021, Lions Gate returned to what the NJ Department of Health considers outbreak status. As a result of the outbreak status, we are testing all residents and staff in accordance to the NJ DOH regulations.

We are happy to share that **Indoor Visitation** is available in all areas of the Community!

Lions Gate continues to follow local, State and Federal guidelines and recommendations for limiting/preventing the spread of COVID-19 within the facility. These guidelines include routine testing of asymptomatic residents, asymptomatic staff, and visitors.

The rules about “who” and “how often” people are tested change based upon the level of infections in our region as well as the level of infection in our own facility.

We have been and will continue to screen all of our employees, vendors, guests upon entry into the facility. We continue to provide employees and residents with proper PPE and have sufficient supply to continue to do so.

We sanitize surfaces often throughout the day and have an outside company sanitize common areas of the skilled nursing and assisted living units overnight. Please know we have remained vigilant in our efforts to mitigate the spread of COVID in the building.

Inspiring Wellness!

Please see below updated COVID statistics from **August 14, 2021** through today:

- Current # COVID positive today 0
 - Residents from Independent Living 0
