

February 23, 2022

Dear Lions Gate Community Members,

We hope you are having a good week!

We are pleased to share that we currently do not have any active resident/staff COVID-19 cases at this time!

As a reminder, Guests are to enter the community at the main entrance and get checked in and then go directly to the resident apartment. Please do not allow guests to enter into the Community by opening a side door. For your protection, we need to have all guest screened at the main entrance.

We continue to monitor NJ COVID-19 Activity Level Index (CALI). The CALI has decreased to "Moderate" for our region. Please do not let your guard down! **You should remain vigilant and regardless of vaccination status, please wear a mask in common areas, wash/sanitize your hands and practice social distancing.**

We have been and will continue to screen all of our employees, vendors, guests upon entry into the facility. We continue to provide employees and residents with proper PPE and have sufficient supply to continue to do so.

We require all residents to wear masks at all times when not inside their apartment. Please wear masks when in all common areas as well as when attending programs inside the community. If you have an aide please remember to wear a mask at all times. Please insist that the aide (or unvaccinated visitor) wear a mask when inside your apartment.

PRIVATE AIDES

Governor Phil Murphy announced on January 19th, 2022 that all staff members, private duty aides, volunteers, vendors and anyone providing direct care to residents not only have to be in compliance with the COVID-19 vaccination requirement, but are also required to have the **COVID-19 booster if they are eligible by February 28, 2022.**

- Staff members, private duty aides, volunteers, vendors, and anyone providing direct care to residents are required to have their first dose of a two dose COVID-19 vaccination series or the Janssen (J&J) COVID-19 vaccination by **January 27, 2022.**
- Staff members, private duty aides, volunteers, vendors, and anyone providing direct care to residents will have until **February 28, 2022** to have both doses of a 2 step COVID-19 vaccine series **and the booster if they are eligible.** Staff members are required to submit proof to the Wellness Nurse of having received all doses for which they were eligible. This is consistent with the CMS vaccination mandate and goes beyond the CMS vaccine mandate to include boosters.
- Staff members, private duty aides, volunteers, vendors, and anyone providing direct care to residents who have a valid medical or religious exemption will be required to undergo regular testing.
- Staff members, private duty aides, volunteers, vendors, and anyone providing direct care to residents without a valid medical or religious exemption will no longer be permitted to submit to testing as an alternative to vaccination.

Fully vaccinated private aides are required to be tested weekly and will continue to be screened upon entry to the building. If a fully vaccinated private aide exhibits signs of COVID, they will be required to submit to a COVID test before being permitted to enter the community. Proof of vaccination is required. Aides are encouraged to provide a copy of their vaccination card to be kept on file at the concierge desk or they will be required to provide proof of vaccination each time they enter the community.

Unvaccinated private aides must be tested twice weekly due to the high CALI score in the region. Unvaccinated aides must continue to enter through the employee entrance to be screened and continue to be tested on their current scheduled days.

VISITATION GUIDELINES

1. All visitors, regardless of vaccination status, must enter through the front door by the concierge desk to be screened. **Please do not enter through 1st floor patio doors without all guests being screened at the concierge desk, this puts your loved one and our other residents at risk.**
2. When visiting, please sanitize your hands, wear a mask at all times, and go directly to and from the apartment you are visiting.
3. ***Visitors are not required to be tested or vaccinated (or show proof as such) as a condition of visiting. If a visitor declines to disclose their vaccination status or is unvaccinated, the visitor should wear a mask or face covering at all times.***
4. Please wear a mask and practice social distancing while going to and from the residents' apartment that you are visiting.
5. Persons who test positive or are exhibiting signs of COVID will not be permitted to visit and must leave the premises immediately.
