

February 1, 2024

Dear Lions Gate Community Members:

We hope you are having a good week!

We were informed that 3 Independent Living Residents have tested positive for COVID-19. At this time, we ***strongly recommended that masks be worn in Independent Living by residents and guests while in common areas of the community. Masks are required to be worn by all staff members at Lions Gate. Masks are also required to be worn by residents and visitors in the common areas of Assisted Living, Skilled Nursing and Rehab.*** Guests ***are not*** permitted to attend programming in Independent Living, Assisted Living, Skilled Nursing and Rehab at this time. We continue to follow all CDC and NJ DOH recommendations and guidelines. We continue to monitor NJ COVID-19 Activity Level Index (CALI). **The CALI is currently “medium” for our region.**

While visiting, we ask that all visitors follow the COVID-19 Prevention Practices below:

Visitors who have a positive viral test for COVID-19, symptoms of COVID-19, or currently meet the criteria for quarantine, should not enter the Community.

All visitors will continue to be screened upon entry into the Community.

Visitors are encouraged to practice good hand hygiene including the use of alcohol-based hand rub upon entering and exiting the Community.

Assisted Living, Skilled Nursing and Rehab residents and family members may not visit the Bistro.

Outdoor visitation is preferred when the resident and/or visitor are not fully vaccinated. However, weather conditions or a resident's health status may hinder this option. We no longer require these visits to be scheduled.

Inspiring Wellness!

While not recommended, residents who are on contact/droplet precautions can still receive visitors. Residents and visitors should wear a well-fitting mask and offered full PPE. Visitors will be made aware if the resident they are visiting is on contact/droplet precautions prior to their visit and made aware of the potential risks. Contact/droplet precautions are required when a resident has tested positive for COVID-19 or has been exposed to COVID-19.

If a resident/family member reports possible close contact with an individual with COVID-19 while being out of the Community, the resident will be tested for COVID-19 and placed on Transmission-Based Precautions regardless of vaccination status.

If a resident develops signs or symptoms of COVID-19 after an outing, the resident will be tested for COVID-19 and placed on Transmission-Based Precautions, regardless of vaccination status.

Residents who are fully vaccinated are not required to be quarantined at this time, provided they are not showing signs and symptoms of COVID-19 or have not been exposed to someone with signs and symptoms of COVID-19 or to someone who has tested positive for COVID-19.

The monovalent booster is now available to all Lions Gate residents and staff members. The pharmacist is available to come to Lions Gate as needed to administer the vaccine. If you are interested in receiving the monovalent booster, please contact the Infection Prevention Nurse, Asia Lee at 856-679-2219 or alee@lionsgateccrc.org
