

August 5, 2024

Dear Lions Gate Community Members:

We hope you had a good weekend!

We just learned that 1 Assisted Living Nursing Staff Member has tested positive for COVID 19. As a result of these positive COVID cases, Skilled Nursing is in "Outbreak Status." **At this time, masks are required to be worn by Residents, Guests, and Staff Members while on Skilled Nursing 1 and 2.**

Guests and Residents of Independent Living, Assisted Living, and Rehab **are** permitted to attend programming and visit the bistro. **Guests and Residents of Skilled Nursing 1 and 2 are not permitted to attend programs in other areas of the Community or visit the bistro at this time.** We will inform you when we are able to resume these options. We continue to follow all CDC and NJ DOH recommendations and guidelines.

While visiting, we ask that all visitors follow the COVID-19 Prevention Practices below:

Visitors who have a positive viral test for COVID-19, symptoms of COVID-19, or currently meet the criteria for quarantine, should not enter the Community.

All visitors will continue to be screened upon entry into the Community.

Visitors are encouraged to practice good hand hygiene including the use of alcohol-based hand rub upon entering and exiting the Community.

Outdoor visitation is preferred when the resident and/or visitor are not fully vaccinated. However, weather conditions or a resident's health status may hinder this option. We no longer require these visits to be scheduled.

Inspiring Wellness!

While not recommended, residents who are on contact/droplet precautions can still receive visitors. Residents and visitors should wear a well-fitting mask and be offered full PPE. Visitors will be made aware if the resident they are visiting is on contact/droplet precautions prior to their visit and made aware of the potential risks. Contact/droplet precautions are required when a resident has tested positive for COVID-19 or has been exposed to COVID-19.

If a resident/family member reports possible close contact with an individual with COVID-19 while being out of the Community, the resident will be tested for COVID-19 and placed on Transmission-Based Precautions regardless of vaccination status.

If a resident develops signs or symptoms of COVID-19 after an outing, the resident will be tested for COVID-19 and placed on Transmission-Based Precautions, regardless of vaccination status.

Residents who are fully vaccinated are not required to be quarantined at this time, provided they are not showing signs and symptoms of COVID-19 or have not been exposed to someone with signs and symptoms of COVID-19 or to someone who has tested positive for COVID-19.

The updated COVID booster is now available to all Lions Gate residents and staff members. The pharmacist is available to come to Lions Gate as needed to administer the vaccine. If you are interested in receiving the monovalent booster, please contact the Infection Prevention Nurse, Asia Lee at 856-679-2219 or alee@lionsgateccrc.org
